

# HOW TO MAKE YOUR MONEY BOOK

1. Fold each page on the solid line in the center
2. Put the activity page inside of the cover page so that they look like a book
3. Staple along the dotted line on the front cover

# THE MONEY BOOK

OWNING THE  
**DASH**<sup>®</sup>

Staple along the dotted line!

Moms and Dads work very hard to earn the money that they use to pay for different types of expenses. Some families use a MONEY BOOK to help them track the money that they earn (income) and also where the money goes (expenses).

Lilly and May learned about all the important ways that money helps to support their family in *Lilly and May Learn Why Mom and Dad Work*. They loved the idea of each having their own personal MONEY BOOK, so they decided to create one. It was so much fun creating their first MONEY BOOK that they wanted to share it with you.

On the pages that follow, you will discover pictures of different types of family expenses that are separated into four different categories: things, services, taxes and savings.

See if you can guess what type of expenses the picture is showing and write it down on the line below the picture.

Once you have finished, try to think of some other types of expenses that would fall into each category and draw a picture of them. Share your ideas with your family to see if they have other expense ideas that you can add.

When you finish, color the pictures to create your own personal MONEY BOOK. Have fun!
